

## Nano Mist Spray

Moisturizes with Ultrasonic Technology

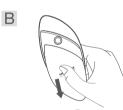

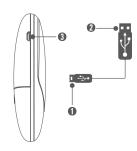

## **EN** User Guide

Thank you for purchasing this Lifetrons' product. This user guide outlines the operating procedures and safety precautions. Please read it carefully to make sure you are using your product properly and retain it for future reference.

- How to Use
  A. Fill with Water
  1. Hold the device upright (vertical position). Use your fingers to press and slide the back cover upward until you hear a click. Then lift and remove the back cover.
  2. Hold the device face up (horizontal position), and pull the water container out and down, grasping both sides firmly to remove. Be careful not to spill any water.
  3. Fill the container with water through the small hole, ensuring that the water does not overflow. Wipe off any excess water outside of the container.
  4. Keeping the device face up, place the full water container tightly back into the device, Be sure to align the water hole with the spray hole.
  5. Reattach the back cover by sliding it downward until you hear a click.

- B. Using the Spray

  1. Slide the front panel down with your finger to spray the mist.

  2. Direct the mist 10-15cm away from your face, making
- The product will automatically shut down after 30 seconds of continuous use.

- C. How to Recharge
  1. Connect 

  (Micro-USB jack) to 

  (Micro-USB port).
  2. Connect 

  (USB jack) to a USB port with power supply (e.g., AC adaptor with USB power supply).
  3. A solid green LED light will appear when the device is charging. Once the charge cycle is complete, the green light will disappear and you can disconnect the

D. LED Indicator Low battery: Solid red LED light appears (only when product is in use) Charging: Solid green LED light appears Fully charged battery: No LED light appears
